

Call for Volunteers!

Northern Spotted Owl Breeding Program

Want to help save Canada's most endangered bird?

The Northern Spotted Owl Breeding Program is looking for volunteers to lend a hand at the captive breeding facility in Langley, BC. We are looking for volunteers to assist with **animal care, site maintenance, construction, fundraising, and education**. Please note that direct contact with the owls will be limited.

Requirements

No previous animal care experience is required, but is considered an asset.

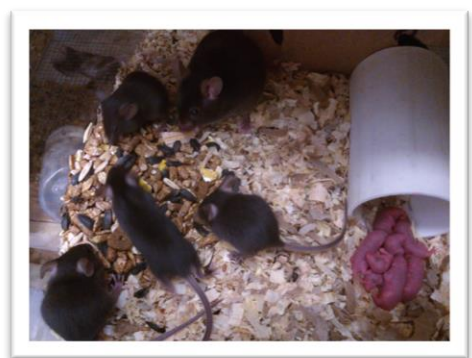

- Must be 16 years of age or older
- Able to provide own transportation to and from the facility
- Minimum 3hr/week for a 4 month commitment
- Be in good physical shape and willing to work outdoors in all weather conditions

How to Apply

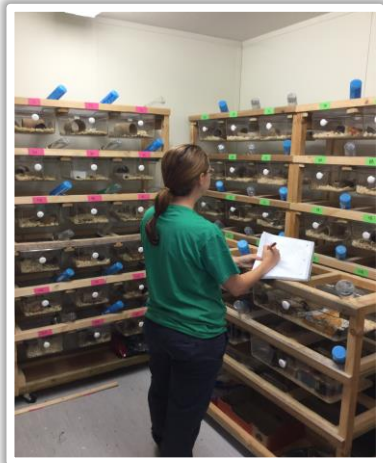

Fill in your contact information on the form provided and we'll get in touch with you! Or you can always reach us by emailing nsobreedingprogram@gmail.com or find us on Facebook at facebook.com/nsobreedingprogram.

2015 volunteer Lara helping with the construction of a new enclosure.

Volunteers help maintain the rodent colonies that provide food for the owls.

Animal Care

Volunteers will assist staff with feeding and cleaning of the rat and mouse populations that are used to feed the owls. Please note that the contact with the owls themselves will be very limited.

Site Maintenance

Outdoor maintenance of the facility includes raking of leaves, weeding, pruning, and various other tasks that may be required.

Construction

Volunteers with construction experience are needed to assist with the building of new enclosures and making upgrades to existing structures. This position may require the use of small power and hand tools including drills, hammers, and saws.

Fundraising and Education

Volunteers with a fundraising or education background are needed to assist with the drafting of fundraising proposal and creation of outreach materials. Volunteers may also be asked to lead outreach programs in the future.
